## Robinson Pool

## Introduction

Robinson Pool provides a wide range of swimming lessons that caters for all ages and abilities. Our aim is to provide a high standard of swimming tuition in a safe environment.

Our 'One to One' swimming lessons provide pupils with tuition tailored to the individual's needs. The individual tuition can help develop a variety of skills for those wanting to learn to swim through to those wishing to develop specific elements or skills. These lessons can also be used to supplement pupil's tuition in our Junior or Adult swimming schemes.

Lessons are taught by an ASA level 1 or 2 swimming instructor in a designated part of the pool in which you wish to learn. Due to the nature of the lessons, instructors can teach from the side or in the water if required.

All swimming lessons at Robinson Pool adhere to guidelines set by swimming's national governing body, the Amateur Swimming Association (ASA). We currently follow their most up-to-date syllabus; the ASA National Plan for Teaching Swimming.
